Aging with Dignity Capital Campaign Update

Spring 2017

Our Call to Action

Dear CDM Supporter,

We are excited to share with you that our Building Communities Fund application for \$395,000 is being reviewed for possible funding this spring. While we are hopeful that our state legislators will advocate for this funding, we know that YOUR voice can make a difference.

And so, we have a favor to ask.

Please consider taking a few minutes to call your legislator and let him/her know how important this project is to you, personally, and to our community. CDM's vision for the future is one of health and happiness for hundreds of senior citizens and their loved ones, and your efforts in the next few months can make it all happen.

Thank you, again, for all you do.

Julie Williams
